

2022-23 graduation class

Potato Fundraiser

Hi everyone,

Thank you for letting us help you raise money for the graduating class this year!!

The potatoes you will be selling are Red potatoes, called Norland, they are a very nice white flesh potato, perfect for boiling, mashed and roasting. The skin is very nice, for roasting they can just be washed, no need to peel.

Please find the order sheet attached, they will be sold for \$10,- for a 10lbs bag.

We have a tight timeline, so it's important to start selling right away!

Order sheets need to be dropped off at the office before noon on Friday December 16.

We plan to put the potatoes in bags on Saturday December 17, starting at 9 am. We are looking for about 20 graduating students to help with this, it should be completed by 11am. This will be done at our farm, just southwest of Barnwell (about a 10 minute drive from Taber). Send me a message to sign up, and I will get you directions to our place if needed.

Anyone helping with bagging can take their potato order home right away.

The rest will be ready for pick-up on Tuesday December 20th at the school.

Any questions, sign up to volunteer and for directions to our farm please call or text me @ (403) 315-1997

Hope to have some awesome sales!!

Hanneke Camps
