**RE: POLICE PRESENCE AT CENTRAL, D.A. FERGUSON, and W.R. MYERS
SCHOOLS**

DATE: January 9, 2025

Just after midnight last night, we were informed by an individual that an adult made a concerning comment about coming to the D.A. Ferguson and W.R. Myers complex. While no threat was made, the police were informed and are investigating and will be present at the school out of an abundance of caution. The school division has requested that Central School, D.A. Ferguson, and W.R. Myers School administration keep doors locked today and classes indoors.

We are sensitive to the fact that police presence can impact children in different ways. As such, we are providing this letter to meet our commitment of communicating openly with our community.

Should parents have questions about police response we ask that they contact the Taber Police.

As always the safety of students is the number one concern for the school division and we thank the police for their response and for keeping the division informed.
