June 6, 2025

Dear Parents, Guardians and Community Members,

We are pleased to share that the long-anticipated modernization of W.R. Myers High School will officially begin on **June 23, 2025**. This exciting project will unfold over multiple phases and is expected to be completed by **2028**.

The scope of the modernization is extensive, encompassing nearly the entire school with the exception of the main office and gymnasium, although the **gym roof will be replaced** as part of the project. All classrooms and common areas will be updated to better serve our students, and **new elevators** will be installed to improve accessibility throughout the building.

Phase 1 of the project will focus on the **67 Wing**, which includes the **Foods Room, Drama Room**, and will also impact **two classrooms in the HCP Wing**.

As we receive additional information regarding timelines, construction impacts, and next phases, we will continue to keep you informed. Throughout this process, our top priority is to **minimize disruption to instruction** and ensure that the high standards of teaching and learning at W.R. Myers remain unchanged.

If you have any questions or concerns, please do not hesitate to contact the school office.

Thank you for your continued support as we work to enhance our learning environment for current and future students.

Sincerely,

Adam Hughes

Principal
